

# PONTY SHOW 2023

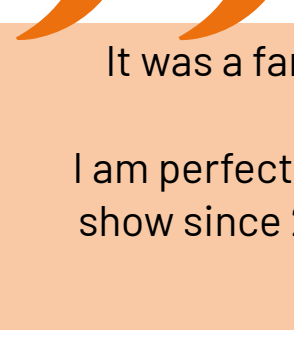

HUNGEXPO | 17-18-19. NOVEMBER

Dear Exhibitors,

After our huge success last year, we expect even greater visitor interest at the PontyShow this year!

**Join the biggest players of carp fishing show in November 2023!**

**You are only one step away from being one of them!**

It was a fantastic experience to exhibit at the first real PontyShow after covid. Many people visited our stand.

I am perfectly satisfied with the result. We have been participating in every show since 2009 and it is already certain that we will come in 2023 as well!

*Kádas József, Director of Sales - Energofish Kft.*

We were looking forward to the 2022 PontyShow with great excitement. It was a great pleasure to participate in the event again, and it was a special honor that both old and new customers came almost non-stop. Everyone can be sure that the RAPTOR team will be there again in 2023!
